What happened

Android Application can be installed and played on Windows or Mac using Blue Stack App Player.

Android Application can be installed and played on Windows or Mac using Blue Stack App Player.

BlueStacks is the first production software that allows you to use your favorite mobile apps on a Windows PC or Mac Machine. You can download apps like Angry Birds Space, Temple Run, Evernote or Documents to Go directly into BlueStacks, or sync the apps from your phone using the BlueStacks Cloud Connect Android app.

Download Software form Blue Stack Website
