Quick answer

To change the audio language on Disney Plus, play a title, pause it, tap the Settings icon in the top right corner, and select your preferred language from the Audio column.

Disney Plus is yet another excellent streaming service like Netflix and Prime Videos. Disney+ also allows you to watch the content in different languages like any other streaming service. Most of the contents within the Disney Plus application are available in multiple languages and the default English language.

This article will check how to change the language on Disney plus streaming service. The language change can be one in two areas. One is changing the audio of the Disney plus contents, and the other is the app interface language.

Languages Available on Disney Plus

Disney Plus offers most of the content in English. French, Spanish and Dutch, and some of the contents in more languages, including Finnish, Danish, German, Japanese, Italian, Korean, Norwegian, Swedish, Czech, Romanian, and Chinese. Slovak, etc. The audio availability varies with titles. Not all titles within Disney Plus support all languages.

How to Change Language on Disney Plus Contents As said before, you can change the audio of the Disney Plus streaming content from the default language to the language of your choice. To change the audio of the content, follow the below steps.

Step 1: Open the Disney Plus app or the website of your choice.

Step 2: Select the title (movie/show) of your choice in which the audio needs to be changed.

Step 3: Once the video starts playing, you need to pause it before making any changes.

Step 4: Once done, Click on the Settings icon (icon at the top right next to the AirPlay icon) at the top right corner from which you can access the settings.

Step 5: Now you will see a popup with two columns, 1st column for the audio selection and the second for the subtitle selection.

Step 6: From the Audio listing in the 1st column, tap on the desired audio based on availability.

Step 7: Subtitle option as per your choice, and if you wish to disable it, tap on Off and then close the popup window.

Step 8: You can resume the video you paused before, and the audio will change to the selected option.

You can do the same step later if you wish to change the language to something else, and also, the steps are identical for both movies and shows.

How to Change the Language of Disney Plus App Interface

To change the app language of Disney+, follow the below steps.

Step 1: Open the Disney Plus app on your mobile or tablet.

Step 2: Click on the Profile shown in the top right corner.

Step 3: Click on the EDIT PROFILES button.

Step 4: You will see a pencil icon on each profile. Click on the pencil icon of the desired profile.

Step 5: Click on the App Language option from the Edit Profile page.

Step 6: Now, a drop-down will appear. Select the desired language from the list.

Step 7: Finally, click the SAVE button to save the preference.

Now the application will be switched to the previously saved language. In this way, you can set the Disney+ app language of the Disney+ app which can be changed at any later time.
