Quick answer

To remove someone from a WhatsApp group, open the group chat, tap the group name at the top, scroll to the participants list, tap the person's name, and select Remove from Group. Confirm the removal when prompted, and the person will be immediately removed on both iPhone and Android devices.

WhatsApp group and group texting are common modes of communication these days. Adding and removing members to the WhatsApp group is common too. However, we can see that still, several users are asking how to remove someone from group text easily.

In this article, we are directly looking at how to remove someone from a group chat with a few simple steps. We will check the steps on both iPhone and Android devices. In the end, you won't have to ask anyone how to kick someone out of a group chat if they are no more needed.

How to kick someone out of a group chat From IOS

If you wish to remove someone from a WhatsApp group using an iPhone, follow the steps below.

Step 1: Open WhatsApp on your iPhone.

Step 2: Tap on the group name from the chat list.

Step 3: From the group chats section, tap on the group name at the top.

Step 4: Now, on the group detail page, scroll down to the bottom, where you can see all the participants.

Step 5: Tap on the name of the person you wish to kick out from the WhatsApp chat.

Step 6: Now, you will see a popup. Tap on Remove from Group option.

Step 7: A final confirmation will be asked, so you must click on the Remove option.

Done; the person will be removed from the group immediately and can no longer see any new messages.

How to Remove people from group text on an Android Device

To remove someone from a WhatsApp Group chat on an Android device, follow the below steps.

Step 1: Open the WhatsApp on your Android Device

Step 2: Open the WhatsApp group where you wish to remove the person.

Step 3: Tap on the group name at the top.

Step 4: From the group detail page, scroll down and tap on the person name whom you wish to remove from the list.

Step 5: Now, a popup will appear. From that, click on Remove .

Step 6: Once done, a final confirmation window will appear, seeking your permission. Tap on the OK button.

Done, the person will be removed from the group instantly.

These are the simple and easy steps to remove anyone from the WhatsApp group anytime you want. If you think a particular person is no longer needed within the group, you can remove them instantly using an iPhone or an Android device. If you wish to add them again to the same group, that won't be any issue too.
