Quick answer

Fubo is a popular streaming platform that lets you watch live TV and on-demand content across a variety of devices. One of the easiest ways to sign in to your Fubo account on a Smart TV or any connected device is by using an activation code.

Fubo is a popular streaming platform that lets you watch live TV and on-demand content across a variety of devices. One of the easiest ways to sign in to your Fubo account on a Smart TV or any connected device is by using an activation code. In this article, we'll walk you through each step clearly, so you can connect your Fubo account to your TV in just a few minutes.

? What You Need Before You Start

Before jumping into the steps, make sure the following things are ready:

- Your Smart TV (Samsung TV or any other supported device) is connected to the internet
- You have a valid Fubo account (either a free trial or a paid subscription)
- A smartphone, tablet, or computer with internet access to enter the activation code

? Steps to Sign in on Your TV Using a Code

Follow these steps carefully to activate Fubo on your TV:

Step 1: Open the Fubo App on Your TV

- Make sure your Smart TV is turned on and connected to the internet.
- Open the Fubo TV app on your TV.
- If the app is not installed yet, check your TV's app store and install it.

Quote: Note: Fubo is only supported on Samsung TVs made in 2017 or newer. For older models, you can use external streaming devices like Fire Stick, Roku, or Apple TV.

Step 2: Choose Sign In with Code

- Once the app opens, go to the Sign In screen.
- Select "Sign in with a Code".
- A unique activation code will be displayed on your TV screen. Keep this code visible for the next step.

Step 3: Visit the Activation Website

- On your smartphone, tablet, or computer, open a web browser.
- Go to: <https://fubo.tv/connect>

Step 4: Log In and Enter the Code

- If you're not already signed into your Fubo account, enter your email and password on the webpage.
- Once logged in, you'll be asked to enter the activation code shown on your TV.
- Type in the code correctly and click Submit.

Step 5: Confirmation

- If the code is correct and your account is valid, your TV screen will automatically refresh and you'll be signed into the app.
- You'll also see a success message in your browser.

? Troubleshooting Common Issues

Even though the setup process is simple, you might run into a few hiccups. Here's how to resolve them:

? Activation Code Not Working?

- Codes expire within 5 minutes. If the code times out, go back on your TV and select "Sign in with a Code" again to generate a new one.
- Enter the code correctly , double-check for typos before hitting submit.

? Can't Sign In?

- Ensure your Fubo account is active , free trials or paid subscriptions are required.
- If you've forgotten your password, you can reset it from the login screen at <https://www.fubo.tv/>
- Alternatively, on your TV you can choose "Sign in with Email" and manually enter your email and password using your remote.

? Connectivity Issues?

- Ensure your TV and device are both connected to a stable Wi-Fi network.
- Slow or unstable internet may prevent the app from loading or signing in properly.

? Installing the Fubo App on Samsung Smart TV

If you haven't installed the Fubo app yet on your Samsung TV, here's how you can do it:

Step-by-Step Installation:

1. Press the Home button on your Samsung remote.
2. Open the App Store (look for four small circles).
3. Click on the search icon (magnifier) and type Fubo.
4. Select the Fubo app from the search results.
5. Click on Install.
6. Once installed, the app will appear on your Home screen or in the Source list.
7. Open it and follow the Sign-In process mentioned above.

? Summary

Action: Install App | What to Do: From TV's app store

Action: Open App | What to Do: Launch and select Sign In

Action: Sign in Option | What to Do: Choose "Sign in with Code"

Action: Visit Website | What to Do: Go to fubo.tv/connect

Action: Enter Code | What to Do: Use the code from your TV screen

Action: Final Step | What to Do: Click Submit and you're done!

? Conclusion

- Always use a supported and updated browser to visit the Fubo activation page.
- If your TV is not compatible, consider using an external streaming device like Roku , Fire Stick, or Apple TV.
- For the best performance, ensure both your TV and device have strong internet connectivity.

Now you're all set to enjoy live TV, sports, and more on your Smart TV with Fubo! If you face any trouble while connecting or signing in, check your internet connection or try the manual sign-in option using your email.
